

National Fire Plan

Managing the Impact of Wildfires on Communities and the Environment

FY 2002 Regional Budget Allocation Summary

The National Fire Plan - Overview

In FY2000, the Secretaries of Agriculture and Interior developed an interagency approach to respond to severe wildland fires, reduce their impacts on rural communities, and assure sufficient firefighting capacity in the future.

The National Fire Plan addresses 5 Key Points: Firefighting; Rehabilitation and Restoration; Hazardous Fuel Reduction; Community Assistance; and, Accountability. Forest Service allocation of FY 2002 funds appropriated in support of the National Fire Plan, are summarized below.

FY 2002 Regional Allocation Budget Summary as of January 3, 2002 dollars in thousands)

	Firefighting						- Community Assistance -			
	Preparedness	Facilities	Rehab and restoration	Hazardous Fuels Treatment	Research	Forest Health Projects	Volunteer Fire	State Fire	Economic Action	Total
R 1	\$52,032.00	\$2,379.00	\$20,000.00	\$13,887.00	\$0.00	\$77.00	\$6,305.00	\$971.00	\$1,171.00	\$96,822.00

Selected Actions and Outcomes in FY 2002

- Complete the 10-year Implementation Strategy in coordination with Governors and other stakeholders.
- Plan and implement fuels reduction treatments on 2.6 million acres (1.4 FS and 1.2 DOI) of federal lands.
- Identify and implement rehabilitation and restoration projects in areas burned in FY2001. Continue to implement projects in areas burned in FY2000.
- Assist rural and volunteer fire departments to improve their protection capabilities.
- Continue the national recruitment effort to hire firefighters and other personnel to support the National Fire Plan.
- Invest in technologies that promote economic and entrepreneurial opportunities in processing forest products removed through hazardous fuels reduction activities.
- Invest in fire facilities maintenance and construction to assure safe and adequate firefighting facilities.
